Tax Valuations and Assessments for the Town of Litchfield, Maine

1812 - 1828

Book: Tax-2

(Page dimensions approximately 7 1/2" x 12 3/4")

This is a hand-written ledger book containing the tax valuations and assessments for all taxpayers in the Town of Litchfield. The terms "valuation" and "inventory" are used interchangeably throughout the book as are the terms "assessment" and "tax". The entries for individual taxpayers within a given year are generally alphabetized.

Most years contain school district funding information and a separate listing of the "Assessment for the Non-resident Proprietors of Unimproved Land" (referring to the "Back Lots" of the Kennebec Proprietors). These are not separately listed in the index unless they are on a separate page.

This book was cataloged, microfilmed and digitized in 2012 as a project of the Historical Society of Litchfield, ME and was funded in part by the Maine State Archives' Historical Records Collections Grant Program
