Tax Inventory and Assessments for the Town of Litchfield, Maine

1843 - 1854

Book: Tax-4

(Page dimensions approximately 8" x 12 3/4")

This is a hand-written ledger book containing the tax inventories (valuation) and assessments for all taxpayers in the Town of Litchfield. The entries for individual taxpayers are generally alphabetized.

Most years contain school district funding information and a separate listing of the assessment for non-resident landowners. These are not separately listed in the index unless they are on a separate page.

This book was cataloged, microfilmed and digitized in 2012 as a project of the Historical Society of Litchfield, ME and was funded in part by the Maine State Archives' Historical Records Collections Grant Program

Index of Tax Records #4 (Tax-4)

The pages in this book as well as the binding are generally in very good condition. A few pages were originally numbered but the numbering is not consistent. Page numbering below refers to numbers that were added in pencil while cataloging the book.
